

Racks

Pan Glo de Colombia can design and manufacture custom stainless steel racks for bakeries of all sizes. We combine high-quality certified materials with precise manufacturing technologies to offer you products that meet your bakery's exact needs.

Different Types of Construction

We offer simple racks for 40 cm x 60 cm pans or 65 cm x 45 cm pans and double racks for 80 cm x 60 cm pans and 90 cm x 65 cm pans. The number of levels will be based on your needs and can be 18, 20, 35, or 70. Racks can include any type of hitch for rotary ovens, on the top, bottom, or side.

Levels & Caps

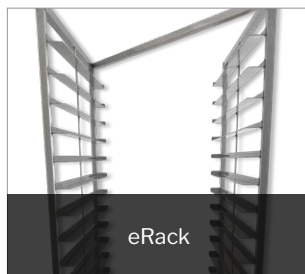

All of our levels are laser cut and adapt to your needs. The ends can be flat or at 90°.

Wheels

- Standard casters
- High temperature casters
- Rotating forks, fixed, or with locks

eRack Design

The eRack is made with an exclusive design that occupies less space in your facilities. It's orientation can be changed allowing you to easily adapt to a new production in your bakery.
